

TD_Barre/barre.h

```
graph TD; A[TD_Barre/barre.h] --> B[string]; A --> C[iostream]; A --> D[math.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'TD_Barre/barre.h' has three blue arrows pointing downwards to three white boxes labeled 'string', 'iostream', and 'math.h' respectively. This indicates that 'TD_Barre/barre.h' includes these three standard C++ headers.

string

iostream

math.h
